

Dear Potential Exhibitor:

On behalf of Course Directors, Doctors Michael Ackerman, Naveen Pereira, Iftikhar Kullo, and the Mayo School of Continuous Professional Development, I am inviting you to exhibit at the annual Genetics of Heart & Vascular Disease course December 12-14, 2024 in Puerto Rico at Hyatt Regency Grand Reserve. Each year, we have approximately 100 cardiologists, RNs, PAs, NPs, and genetic counselors. The purpose of this CME course is to have experts in the field of cardiovascular genetics detail the important role of genetics in the diagnosis, risk stratification, and treatment of diseases affecting the heart and the blood vessels.

During this 3-day CME course, experts in the field of cardiovascular genetics and genetic cardiology detail the important role of genetics, genomics, and pharmacogenetics in the diagnosis, risk stratification, and treatment of diseases affecting the heart and the blood vessels.

Topics covered will include, genetics and genomics 101, pharmacogenetics, polygenic risk scores, variant interpretation, the molecular autopsy, and the diagnostic, prognostic, & therapeutic implications of genetic testing for patients with congenital heart disease, long QT syndrome, Brugada syndrome, hypertrophic/dilated/arrhythmogenic cardiomyopathy, coronary heart disease, hyperlipidemias, heart failure, pulmonary hypertension, cardiac amyloid, and the aortopathies.

In the program we have provided ample time for participants to review the latest updates from your company exhibit. Viewing is available during all meal functions.

An exhibit fee of \$2,500 is requested. Funds will be used towards the exhibit space which will include 10x10 space, acknowledgement on signage and on-line syllabus. If you are interested in exhibiting, please complete and return the attached *Written Exhibit Agreement*. Checks can be made payable to Mayo Clinic (Federal ID #41-6011702) and sent to the attention of Sheila Fick, Mayo Clinic, 200 First Street SW/SN 03-302CE, Rochester, MN 55905.

In order to reserve space at this conference, please reply at your earliest convenience.

- Credit Card or Check payable to: **Mayo Clinic (Reference Genetics)**
- Tax ID: **41-6011702**

- Mail this payment to: **Mayo Clinic
ATTN: Sheila Fick

The Genetics of Heart & Vascular Disease

In-person & Livestream

December 12-14, 2024

Hyatt Regency Grand Reserve Puerto Rico
200 Coco Beach Blvd. PR-955
Rio Grande, Puerto Rico 00745

Course Directors:

Michael J. Ackerman, M.D., Ph.D.

Iftikhar J. Kullo, M.D.

Naveen L. Pereira, M.D.

COURSE DESCRIPTION

This program will be presented **live in-person** in Puerto Rico, USA and also is available via **livestream** Atlantic Standard timezone.

During this 3 day CME course, experts in the field of genetic cardiology and cardiovascular genetics detail the important role of genetics, genomics, and pharmacogenetics in the diagnosis, risk stratification, and treatment of monogenetic, oligogenetic, and polygenic diseases affecting the heart and the blood vessels.

Topics covered will include genetics and genomics 101, pharmacogenetics, polygenic risk scores, variant interpretation, the diagnostic, prognostic, & therapeutic implications of genetic testing for patients with congenital heart disease, long QT syndrome, Brugada syndrome, hypertrophic/dilated/arrhythmogenic cardiomyopathy, coronary heart disease, hyperlipidemias, heart failure, pulmonary hypertension, cardiac amyloid, and the aortopathies, the state of the molecular autopsy, and the state of gene therapy for CV diseases.

Unique Features: Audience response system to enhance immediate feedback. Easy access to faculty members. One-on-one interaction. Efforts will be made to introduce the clinical applications using new technology, however, *there is no hands-on experience provided*. Self-assessment questions to gauge outcome. Two “early bird” special workshops will be conducted to analyze your genetic test reports and to comment on the significance of the genetic test results and the implications for your patients.

TEACHING MATERIALS/SYLLABUS

Attendees will be provided a link to obtain course materials on the internet and are welcome to bring a laptop or iPad during the learning sessions. Syllabus will be uploaded the day the presenter presents.

COURSE LEARNING OBJECTIVES

Upon conclusion of this program, participants should be able to:

- Summarize the probabilistic nature of genetic testing
- Develop a strategy to manage the variant of uncertain significance (VUS) test result
- Identify the impact of genetic testing in the diagnosis, risk stratification, and treatment of patients with heritable cardiomyopathies, channelopathies, pulmonary hypertension, cardiac amyloidosis, and aortopathies
- Determine the role of genetic testing in children and adults with congenital heart disease
- Define genetic markers of atherosclerosis and the role of genetic risk scores (GRS) in risk stratification of coronary heart disease
- Identify the genetic basis of heritable lipid disorders and implications for prevention and familial screening
- Define the role of pharmacogenetics in cardiovascular drug response, including the role of testing

Attendance at this Mayo Clinic course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

INTENDED AUDIENCE

This course is intended for both pediatric and adult cardiologists, internists, primary care providers, PAs, nurse practitioners, nurses, pharmacists, pediatric and adult cardiology trainees, genetic counselors, and medical students with an interest in the management of patients with genetically mediated heart and vascular disease.

ACCREDITATION STATEMENT

JOINT ACCREDITATION™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, Mayo Clinic College of Medicine and Science is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

AMA

Mayo Clinic College of Medicine and Science designates this other (live and livestream) activity for a maximum of 15.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ANCC

Mayo Clinic College of Medicine and Science designates this activity for a maximum of 15.5 ANCC contact hours. Nurses should claim only the credit commensurate with the extent of their participation in the activity.

MOC

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 15.5 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

ABS

Successful completion of this CME activity, enables the learner to earn credit toward the CME requirement(s) of the American Board of Surgery's Continuous Certification program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABS credit.

Participation information will be shared with ABIM through PARS.

EDUCATIONAL GRANTS

At the time of this printing, a complete listing of commercial supporters was not available. Appropriate acknowledgment will be given to all supporters at the time of the meeting.

Exhibits will be available for viewing at scheduled breaks.
