Omar Abou Ezzeddine, MD John Bois, MD

Leslie Cooper, MD

This educational activity is not part of ACC.19; however, the content was reviewed and approved by the ACC.19 Program Committee.

Sponsored by Mayo Clinic Department of Cardiovascular Medicine.

REGISTER ONLINE: CVEDUCATION.MAYO.EDU

COURSE DESCRIPTION

This course will review state-of-the-art strategies for the diagnosis and management of cardiac sarcoidosis. Faculty will use a case-based approach encouraging audience participation and discussion to outline challenges and controversies related to cardiac sarcoidosis.

OBJECTIVES

- List specific attributes of echocardiography, FDG-PET, and cardiac MRI in the diagnosis and follow-up of cardiac sarcoid
- Identify optimal approaches to risk stratification and treatment of electrophysiologic disturbances in patients with sarcoid
- Evaluate sarcoid patients including identifying those with high likelihood of having disease in the absence of histologic evidence of cardiac sarcoidosis

TARGET AUDIENCE

This course is designed for general cardiologists, electrophysiologists, heart failure specialists, cardiac imaging specialists, cardiology fellows and APPN's.

CREDIT

In support of improving patient care, Mayo Clinic College of Medicine and Science is jointly accredited by the Accreditation Council for Continuing Medical Education

(ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

Mayo Clinic College of Medicine and Science designates this live activity for a maximum of 2.5 AMA PRA Category 1 Credits $^{\text{TM}}$. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
