

Exhibitor Request

Mayo Clinic Echocardiography Review Course for Boards and Recertification

April 14- 18, 2023

Dear Healthcare Education Supporter,

On behalf of the Mayo Clinic Department of Cardiovascular Medicine, I am pleased to announce our upcoming *Mayo Clinic Echo Board Review* course which will be held **April 14-18, 2023** at the **Hilton** in **Rochester, MN**. This course historically has between 125-150 attendees.

Mayo Clinic Echocardiography Board Review Course is an intensive course over 5 days specifically designed to prepare attendees for success on the National Board of Echocardiography (NBE) certification exam. It has a focused emphasis on the NBE examination format covering the entire field of Echocardiography including ultrasound physics, 2D and M-Mode, hemodynamics, valvular heart disease, ischemic heart disease, heart failure and cardiomyopathies, pericardial disease, congenital heart disease, and newer imaging techniques including strain and 3-D echocardiography. Well-known experts and recognized educators, comprised of Mayo Clinic faculty in each field of echocardiography, will give in-depth didactic lectures pertaining particularly to integration of echocardiographic data into clinical practice.

This letter is an invitation to exhibit only. You will be provided with a 6' draped table and will be appropriately recognized to our attendees. Continental breakfasts and refreshment breaks will be available in the exhibit area to encourage participant interaction with industry representatives. The program will follow ACCME industry guidelines. Invitations to exhibit have been extended to several companies. The exhibit fee is **\$2,500**. To participate in this program, please complete/sign the Exhibitor Agreement. The funds (made payable to Mayo Clinic, Federal Tax ID # 41-6011702) must be received by **April 1, 2023**. Please return your completed forms to the meeting planner below.
