Dear Potential Exhibitor,

We are delighted to announce the ***Mayo Clinic Contemporary Review of Advances in Cardiac Ablation: New Tips, Techniques, and Technologies for Complex Arrhythmia Management*** course, to be held **October 18-21, 2023**, in Washington, D.C. The course directors are Drs. Abhishek Deshmukh, Win Shen, and Komandoor Srivathsan.

This course will provide comprehensive instruction for diagnosing common and complex cardiac arrhythmias in the electrophysiology laboratory and achieving effective and safe ablation. Case-based illustrative presentations will highlight diagnostic dilemmas and key management strategies. Experts discussing detailed patient cases provide a step-by-step analysis and an in-depth review of approaches to catheter ablation for the spectrum of cardiac arrhythmias including atrial fibrillation, complex atrial arrhythmias after AF ablation or in congenital heart disease, atrial tachycardias and atypical flutters, and ventricular arrhythmias with and without associated heart disease. The course expected attendance is 75-100 attendees annually.

You may find additional course details on the course website: cveducation.mayo.edu

We invite you to participate at this educational activity with an exhibit in the amount of \$2,500.00. This fee is for the exhibit space only. Industry exhibitors are provided an 6 foot draped table with two chairs. Exhibit hours will range from 7:00 a.m. through 3:00 p.m., October 18-20, 2023. In support of ACCME guidelines, exhibitors will be in a separate area from the educational activity. Exhibit space is limited and located near the food and beverage area for optimal contact during breakfast and breaks.

If you are interested in exhibiting at our course, please complete and return the provided Exhibitor Agreement form and payment **before September 15, 2023**. Please make payment payable to Mayo Clinic and send payment to my attention at the address below. For your convenience, our federal tax identification number is 41-6011702.
