Exhibit Policies

CME Guidelines Related to Educational Grants, Exhibit Space and Promotional Activities:

In compliance with ACCME Standards for Commercial Support, arrangements for commercial exhibits or advertisements cannot influence or interfere with the presentation, nor can they be a condition of the provision of commercial support for CME activities.

- Exhibit and other promotional fees shall be separate and distinct from educational grants/commercial support.
- All exhibitors must be in a room or area separate from the education and the exhibits must not interfere or in any way compete with the learning experience prior to, during, or immediately after the activity.
- Company representatives must refrain from holding any commercial discussions in the educational classroom. All promotional activities including interviews, demonstrations, and the distribution of literature or samples must be made within the exhibitor's space. Canvassing or distributing promotion materials outside the exhibitor's rented exhibit space is not permitted.
- Commercial interest representatives may attend CME activities for the sole purpose of the representatives' own education. However, they may not engage in sales or marketing activities while in the educational classroom.

Each company may designate up to two persons to be responsible for the exhibit space during the exhibit times. Exhibit representatives are not eligible to enter the educational sessions unless registered as an attendee. Exhibit reps who wish to register as an attendee are not eligible to obtain a syllabus unless they are also a registered healthcare provider.

Exhibits and exhibitors must comply with all relevant Mayo Clinic, American Medical Association, and Accreditation Council for Continuing Medical Education policies.

At the discretion of the meeting organizers, exhibitors may be permitted to attend one or two talks or presentations within the activity without payment of a registration fee. Exhibitor representatives shall not be invited to, or included in, attendee or faculty dinners within the activity program. Mayo Clinic considers including representatives of exhibitor organizations in such events to create a perceived conflict of interest that may negatively influence attendees' view of the event, Mayo Clinic, or Mayo Clinic representatives.

Exhibitors shall not distribute materials of a promotional nature to participants. Providing items for healthcare professionals' use, even if they are practice-related items of minimal value, may foster misperceptions that company interactions with healthcare professionals are not based on informing them about medical and scientific issues. Such non-educational items should not be offered even if they are accompanied by educational materials.

Each exhibitor must make provisions for the safeguarding of their goods, materials, equipment and display at all times. No formal security will be hired for this meeting. It is understood that Mayo Clinic is not liable for any loss or damages to property or personal injury caused by the exhibitor or his agents, representatives, employees, or any other persons.
